***Connection permits expire!**

If work under a permit is not commenced and completed within one (1) year from the date of issuance, the permit becomes null and void and no further work shall be done until a new permit shall have been secured. After said work has been completed and the District has approved and accepted the work, the permit shall be in full force and effect. **An extension of one year may be granted if requested from the District Board prior to the expiration of the original permit.** Further, no more than one extension will be granted. *If any permit is not used and lapses as provided in Article VII, section 02.07.050, no part of the permit fee shall be refunded.*
